

**Urban Volunteers Training (UVT) under UNDP-GoI project on
Climate Risk Management in Urban Areas through Preparedness and Mitigation
Visakhapatnam Status Report (October 2014)**

Visakhapatnam is the largest urban centre and fast-growing cities in the state of Andhra Pradesh, India. According to Census 2011, the city had a population of 18.8 lakhs. GVMC population accounted for 4% of the total state's population and 44% of the Visakhapatnam district population. GVMC's population accounts for 13% of the urban population of the state and 92% of the urban population of the district. Recently, Bheemili and Anakapalli municipalities along with 5 villages have been merged with the GVMC jurisdiction. Coming to hazard profile of the city, it has experiences with cyclones, tsunami, earthquake, heat waves and industrial accidents.

UNDP-GoI Project on "Climate Risk Management in Urban Areas through Preparedness and Mitigation" is implementing in Visakhapatnam through Greater Visakhapatnam Municipal Corporation (GVMC), Visakhapatnam. One of the activities under this project is 'Training of communities to respond to disasters'. Under this activity 'Urban Volunteers Training (UVT)' program is planned to give training to urban volunteers from each ward covering topics related to climate change, disasters, community participation, search & rescue operations, first aid etc. After conducting 'Hazard Risk & Vulnerability Assessment' study, vulnerable wards were identified in the city.

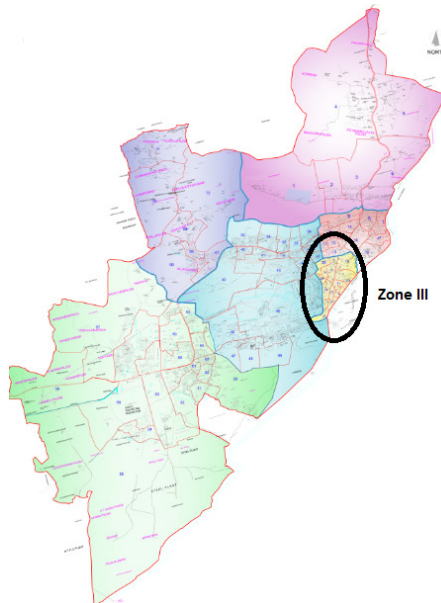

Figure 1: Greater Visakhapatnam Municipal Corporation (GVMC)

At present UVT was conducted for 8 wards in zone III of Visakhapatnam city, in which 6 wards are highly vulnerable and 2 wards are medium vulnerable. These wards are old town areas with high density population and are in vulnerable situation to multiple hazards. Urban Volunteers were selected within the wards covering self help groups (SHGs), youth, welfare associations, government and private employees, volunteers from political parties etc. Inauguration of the training programs was done by Shri. Vasupalli Ganesh Kumar, M.L.A. Each training program was conducted for two days covering two wards as one batch. Classes were conducted on climate change and disasters with the help of resource persons from AMR-APARD, Hyderabad or Andhra University, Visakhapatnam. Search & Rescue operations part of training was conducted with the help of local Fire service department officials and First Aid part was conducted with the help of local doctor's team.

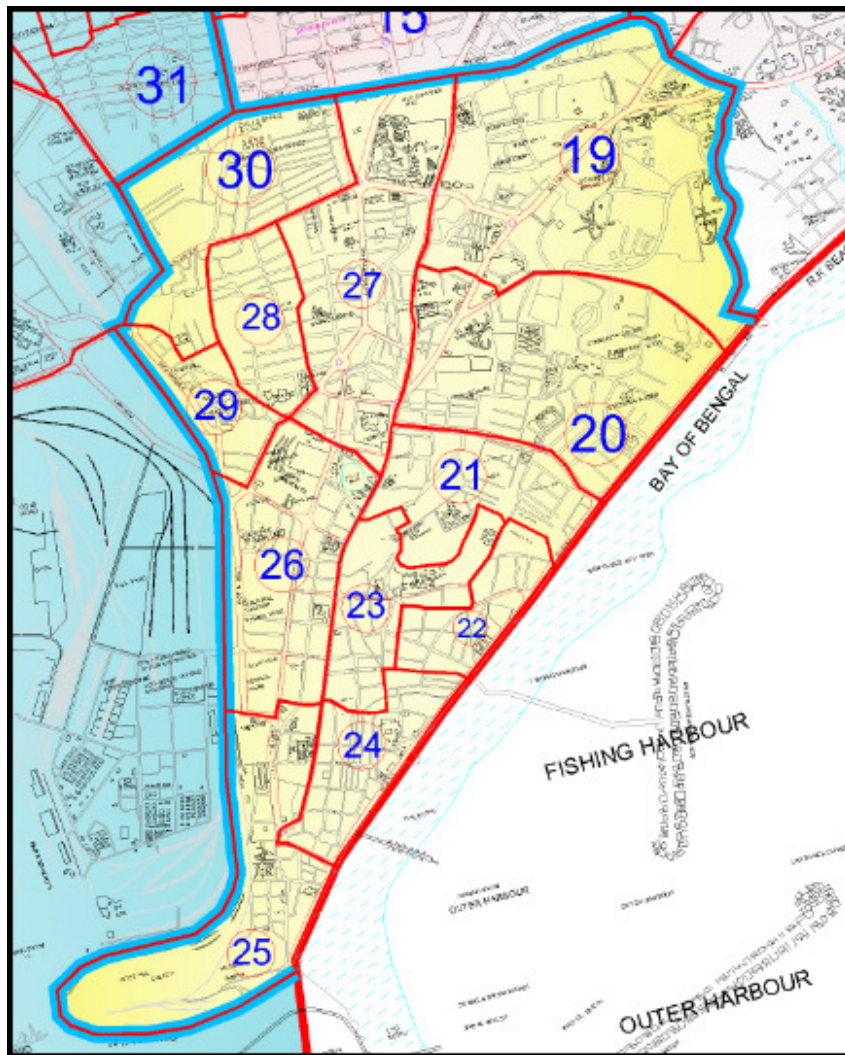

Figure 2: Map showing Zone III and its respective wards in GVMC area

Details of training dates and wards status are as follows:

Batch	Dates	Wards	Ward status
I	22 nd – 23 rd July 2014	24 th	High Vulnerability, near to port activities, slum, high density population, low cost housing, poverty, dust pollution, beach
		25 th	High Vulnerability, major slum, poor sanitation, high density population, poverty, water stagnation, low laying, low cost housing, old towns
II	24 th – 25 th July 2014	20 th	High Vulnerability, partial beach area, poor sanitation, high density population, poverty, low cost housing, old towns
		21 st	High Vulnerability, partial beach area, poor sanitation, high density population, poverty, low cost housing, old towns
III	17 th – 18 th Sep 2014	19 th	High Vulnerability, poor sanitation, old town, high density
		27 th	Medium Vulnerability, poor sanitation, old town, high density population, low cost housing,
IV	19 th – 20 th Sep 2014	22 nd	High Vulnerability, coastal area, fishermen areas, old town, illiteracy, poverty, low laying, high density population, low cost housing, poor sanitation, water stagnation
		23 rd	Medium Vulnerability, poor sanitation, old town areas, low cost housing, high density population
